# Benefits of a TV or YouTube Show

- **GOD'S WORD:** What better way to do what Jesus told us to do in Matthew 28:19 "Go ye therefore, and teach all nations" Can you think of a better way to do what Christ told us to do, than go on Cable TV or YouTube?
- **THE CHURCH:** The Church gains exposure to bring more people into the Church for more potential soul saving and more potential money to the Church through possibly growing membership and offerings from Church viewers. The Church can choose to have commercials on their program for a lower rate "ELLIOTT'S TV PRODUCTIONS/Elliott's Enterprises" can take care of the entire process. There are many benefits to the Church. Commercials are your options and will be approved by you.
- **THE PASTOR:** You do the will of GOD and reach people who would never get to your Church, but can still get saved and send in an offering without ever coming into your doors. This still accomplishes what the Church is all about and what God wants you to do. You and the Church become better known and the WORD OF GOD gets to the people. PERFECT!
